Our Mission

Mentally retarded child needs special care, affection and an atmosphere, which helps him/her to develop self-confidence, independent attitude and feeling of belongings. To identify and focus on the problems encountered by M.R. & M.D. Child with their daily needs. To work for their life enrichment, protection and comprehensive development.

Our Vision

To reach out to the persons with disabilities to find a lasting solution to their problems and to provide a life time shelter for these unfortunate lot, as the parents are in constant worry as to what will happen to their children after them.

"The true meaning of life is to plant trees under whose shade you do not expect to sit" Nelson Henderson

SECRETARY'S REPORT

It is a rural, non-profit making and Non-Government Organization. The main objective of our organization is to provide services to person with disabilities in different ways. Our organization has been working with the person with disabilities since last 20(Seventeen) years and gathered a lot of experience. It is working with a good reputation and psychological attachment with the local people.

In the year 1995 Rampurhat Spastics and Handicapped Society was registered as grass root level voluntary organization under the West Bengal Society Registration Act, 1961 for providing services to the persons with disabilities. Since twenty years the organization has been gathered a lot of experience.

Disability is not a Disease; it cannot be cured by treatment or medicine. It is a type of physical and mental condition and it gives lifelong disadvantages. We think that every person with disabilities must have talent and power to work though it is very limited. The persons with disability face some problems in doing work but they are not incapable and incompetent at all. In spite of their limited talent and power to work they can be made talented and useful by giving them proper training, love, affection and encouragement. Keeping this view in mind Rampurhat Spastics and Handicapped Society is providing different types of services to the persons with

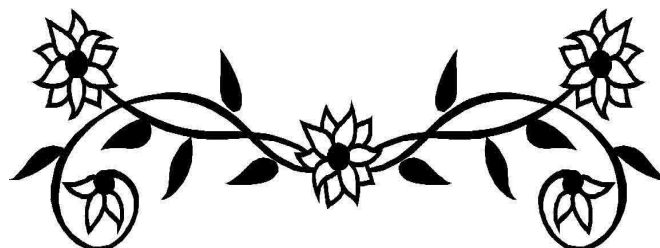

disabilities of Birbhum district. The persons with disabilities and the Parents of the disabled children started to change their negative attitude. From our practical experience we realize that more disadvantages is the negative attitude of the people of our society towards the persons with disability than their physical and mental barriers. Our organization is trying to change the attitude of the people of our society through Awareness Camp, Seminar, different Workshops, and World Disabled Day celebration since its inception. Our society provides services to the persons with disability from the depth of the heart and made an example. As a result, in the year 2003-2004, we got National Award for the “Best Residential Care Centre”. It is an inspiration before the organization. Each and every person of our society would accept that persons with disabilities are inseparable parts of our society. They would realize that the persons with disabilities are also human beings; they have right to live like other persons with full of dignity and honour. They are the part and parcel of our society and family; they are our relatives. We have to think that if we were handicapped in the course of time then we realized that it is not a sin; it is not a diseases. So we have to take it as disability is our social problems. We trust that in the near future all can unhesitatingly say that the traditional adverse mentality has been changed and the society is now composed of barrier free environment and the persons with disability will get social status.

We hope to continue our noble work and achievement and accelerate the present activities. I want to convey my gratitude to the staff of this organization for their sincere hard work for improvement of all the inmates and also convey our best wishes to the beneficiaries, and guardians, members of the society and well wishers of ‘Rampurhat Spastics and Handicapped Society’.

We are very thankful to donors who have extended their helping hands for human resource development. Our organization also extends its sincere thanks to Ministry of Social Justice and Empowerment, National Trust, Dr. Asish Banerjee –Minister Edu.&Ayush, Benevolent Foundation, NIMH Kolkata, NIMH Sekendrabad, NIOH Kolkata, Art of Living-Farakka Branch, NTPC, Farakka, NTPC, Kahalgaon, SBI SAC-Kolkata Branch, the local administration, Indian Institute of Cerebral Palsy, Commissioner for the Persons with Disability, Director of Social Welfare, Government of West Bengal, D.M-Birbhum, D.C.P.O-Birbhum, S.D.O-Rampurhat and B.D.O-Rampurhat-I +II for their active and valuable moral support.

“I made my life my monument”

.... Ben Johnson

INTRODUCTION OF THE ORGANIZATION:

RAMPURHAT SPASTICS AND HANDICAPPED SOCIETY WERE ESTABLISHED ON 1995. IT WAS INITIATED BY MR. NURUL ISLAM FROM THE FEELING OF A FATHER OF A CHILD WITH SEVERELY MENTALLY CHALLENGED AND A CHILD SPECIALIST AS WELL AS SOCIAL WORKER DR. MONORANJAN SARKAR BEING INSPIRED BY IICP, WITH THE HELP OF SOME PARENTS AND SOME WELL MEANING PEOPLE OF OUR LOCALITY FORMED THIS ORGANIZATION. IT WAS STARTED WITH THE AIM OF PROVIDING PHYSICAL MANAGEMENT, BASIC EDUCATION, TREATMENT AND REHABILITATION TO THE CHILDREN WITH SPECIAL NEEDS. AT THE INITIAL STAGE WE USED TO PROVIDE OPD AND HOME VISIT SERVICES ONE DAY IN A WEEK. SPECIAL SCHOOL AND VOCATIONAL UNIT WERE INAUGURATED ON 26TH JULY, 1999. AT THE SAME TIME A RESIDENTIAL CARE CENTRE WAS STARTED ON THE EXPERIMENTAL BASIS WITH FOUR BENEFICIARIES. FROM THE BEGINNING WE DEPENDED ON PUBLIC DONATION. NATIONAL TRUST SPONSORED OUR RESIDENTIAL HOME FOR 20 BENEFICIARIES FROM 16TH APRIL, 2002 TO 31ST MARCH, 2005 UNDER REACH & RELIEF SCHEME. THEN IT IS AGAIN SANCTIONED FROM 1ST APRIL, 2005 FOR NINE YEARS UNDER THE SCHEME "SAMARTH". NOW WE STARTED "GHARAUNDA" SCHEME UNDER NATIONAL TRUST.

IN THE FINANCIAL YEAR 2006-07, THE MINISTRY OF SOCIAL JUSTICE AND EMPOWERMENT SPONSORED A SPECIAL SCHOOL FOR 39 BENEFICIARIES FROM 1ST JUNE, 2006 UNDER DEENDAYAL REHABILITATION SCHEME. THEN WE PROVIDED THESE SERVICES ON AN AVERAGE 60 BENEFICIARIES RESPECTIVELY. IN THE YEAR 2016-17 WE PROVIDED SERVICES TO 40 BENEFICIARIES. NOW WE ARE CONTINUING THESE SERVICES WITH LITTLE BENEFICIARY FROM OUR OWN FUND.

The organizations provided services to the persons with disability with great sincerity and responsibilities. As a result, in the year 2003-2004, The national Trust gave National Award for the "Best Residential Care Centre" and The national Trust gave a National Award to the secretary as a Best Parent in the year 2008-09. In 2009-10, the National Trust awarded our institute as "Best Shelter Workshop" and "Best Emerging Venture" in 2010-11 and the West Bengal Government gave recognition to our organization as the "Best Institute" in the same year. Now the organization has been reached at a significance place.

15th August Independence Day observation

Art of Living Farakka giving cloths to the beneficiaries

OUR AIMS AND OBJECTIVES:

- To provide permanent care for abandoned and destitute persons with disabilities.
- To provide services to persons with disability whose family members are willing to pay for good quality services.
- To provide services to young persons with disability who need to stay in group homes and independent living situations.
- To create opportunities for family members to get respite time in order to fulfill other responsibilities.
- To provide services to senior citizens with disability.
- To provide early intervention, education and independent or employment oriented training.
- To provide rehabilitation & relief to persons with disability whose families are unable or unwilling to support them any longer.
- To provide manpower development training.
- To provide parents awareness training.
- To empower the persons with disability so that they can live in their family and in the Community.
- To aware persons with disability about their rights and equal opportunities.
- To merge the persons with disability into the mainstream of the Society.
- To make the persons with disability Socio-economically independent.
- To Support the parents and families of persons with disability in different ways.
- To develop the staff of our organization by giving proper training.
- To create the awareness against child labour, child marriage and Child Lost.
- To provide services to missing child for restoration.

** School Car (Ambulance)*

6. OTHERS

** Awareness Camp*

**Parents orientation programme*

** Home visit*

**Vocational Training*

**Permanent & Respite Care service*

**OPD service*

**Child Line Services*

SPECIAL EDUCATION:

(Ashadeep Special School)

Our Organization has been running a Special School since July, 1999 named “ASHADEEP SPECIAL SCHOOL” for the child with Mentally Challenged (MR & MD). It is worthwhile to mention here that our unit is the only Special School for these children in the backward district of Birbhum. Two types of services are provided namely, Non-Residential and Residential set up. The total 12 nos. of staff are engaged in this service. The special school runs Monday to Friday. We keep attention to the beneficiaries on Physical Management, Behavioral Management & trying to achieve their cognitive developments and personal, social activities for the children with mental retardation and multiple disabilities. We trained up the students on their educational & Prevocational area and give special inputs for the improvement of the communication skills. We also try to integrate sense organs by providing stimulation of music, light and touch through playing & dancing etc. We have got success to develop some children mentally and physically by providing them education and physiotherapy. We put into work some children with Mental Retardation (MR) in different skills like kantha stitching, tailoring, packet making, cooking and plantation that will facilitate the process of rehabilitation in future.

We have been continuing this unit with the support of public donation from its very beginning period. At last the ASHADEEP SPECIAL SCHOOL was sanctioned in the financial year 2006-07 from 1st June, 2006 and the Ministry of Social Justice & Empowerment sponsored for 39 beneficiaries under the “DEEN DAYAL Rehabilitation Scheme”. In the year 2012-13 Ministry also sanctioned grant-in-aid against 60 beneficiaries and the last year (2015-16) we provided the services to the 40 beneficiaries. Presently we are continuing these services from own fund due to non -availability of Govt. grants. Now the organization has been reached at a signifidifficulties that is a challenge to the teachers. Persons with disabilities are generally benefited from careful

approaches of special teachers/educators by way of precious teaching and direct instructions. Precious teaching involves planning, using and analyzing the effect of instruction techniques.

Class room Activity

Direct Instruction involves the following:

- i) Assessment of students' characteristics;
- ii) Instructional goals into short term objectives;
- iii) Goal directed materials;
- iv) Clear instructions;
- v) Reinforcement techniques;
- vi) Monitors success.

Keeping in mind the need of Inclusive Education the aim includes the following:

- i) To Provide the children an environment to grow, which is both warm and enriching
- ii) To help the children for developing their basic skills to cope with day to day life.
- iii) To help the children to develop skills which help them become self reliant in the long run.
- iv) To help the children to develop in them a desirable attitude towards the society.

Beneficiaries enjoys

The main Objectives that the Unit ASHADEEP Special School has achieved are:

1. providing the children with basic education help them how to conduct day to day living situation in their life. This education includes developing a threefold skill to the children - physical, social and financial according to the best of their ability.
2. Providing ongoing counseling sessions and therapy appropriate to the needs of the children.
3. Bringing about in the children a social alertness through various activities.
4. Helping the children excel in areas such as art and craft, drawing and painting, music and dance and clay molding.
5. Developing in the children a love for learning by making a happy trip with the aids such as computers and audio-visual devices.
6. Helping the children to develop pre-vocational skills like block printing, cooking, typewriting, envelope making, making rachis, card and candles and decorative dais.

RESIDENTIAL CARE CENTRE (“SAMARTH” Centre Based):

(Ashirbad Relief Institute)

“After my death or in my illness who will take care of my child?”

From this concept a parent of a child with multiple disability started this prolong care service centre named “ASHIRBAD RELIEF INSTITUTE” to the four persons with disabilities at initial stage in the year of 1999.

ASHIRBAD RELIEF INSTITUTE is a residential Home for persons with disability. In this unit we provide services to person with CP, MR, MD & Autism. We started this unit with four children at initial stage in the year 1999 and the numbers of beneficiaries have been increasing gradually. This unit was sponsored by “National Trust” from 16th April, 2002 to 31st March, 2005 for twenty beneficiaries under the “Reach and Relief Scheme”. In this period we received “National Award” from the National Trust (Ministry of Social Justice & Empowerment) for the “Best Residential Care Centre” for the year 2003-2004 which is a great inspiration before the Organization.” The National Trust awarded to the secretary as “**Best parent**” for the year 2008-09.

The National Trust has launched the scheme “SAMARTH” Centre Based Services from 1st April, 2005 for 9 (nine) years with the support of the National Trust. The scheme has been fully completed. Now The National trust has sanctioned new revised scheme ‘GHARAUNDA’ in the year 2016-17. We started the programme form April, 2016 with twenty beneficiaries.

The staff of the unit is comprises of qualified activity professional, physiotherapist, trained caregivers, and a part time medical doctor. All the staff has been sincerely providing services to the beneficiaries. We always try to develop each beneficiary using his or her residual strength. We give priority to increase their ability and self esteem to live independently as much as possible. We do stress on their abilities by assessing their level of strength on all developmental areas and evaluate their abilities at the interval of every six months.

To maintain and develop in physical area we provide physiotherapy so that beneficiaries may use their optimum strength. All the educable children participate in educational session regularly. To makes them independent in the area of daily living activity. Children are taken under planned programme for the development in the areas of functional, social and emotional. They participate in play session. Besides these we arrange regular vocational training session for those who are fit for this level. We are successfully running the project ARUNIM launched by the National Trust.

They are playing

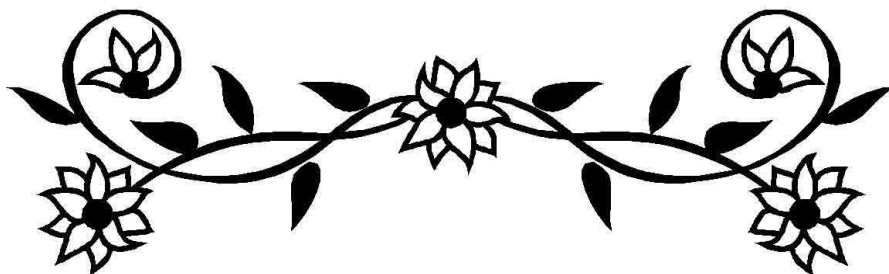

O.P.D. & EARLY INTERVENTION CLINIC:

From the very beginning of the society, we have been continuing the “Out Persons Department & Early Intervention” Clinic for the outsider’s beneficiaries with different disabilities. The services provided every Wednesday from 9 am. to 1 pm. A patient comes to our O.P.D clinic for their difficulties. Here we assess and evaluate the client covering general information; birth histories, intellectual ability, developmental and functional assessment, and therapeutic need assessment. After assessment reports, a programme plan is made and the programme is demonstrated to the parents for follow-up it at home. Where ever necessary appropriate referral services are also provided to the family for obtaining proper services.

Besides this clinical service, we also provide home based services. Through this unit we offer physical, educational, Behavioral management programmes by identifying and assessing children. We also give moral support to parents through parents counseling for their differently abele children.

COUNSELING PROGRAMME:

Counseling is a Psychological part of medical science, which is very helpful for a frustrated man. Most of parents feel themselves guilty and accuse themselves for their present situation and problems due to their unwanted condition with the child. We believe that before doing any activities or programme with the child we should make the parents mentally strong, so we try to make realize the real fact occurred with them and if they wish to make their children develop then they have to take the condition of their children as challenge. So, parent-counseling programme is the vital part of disabilities.

Our President

Republic Day

PHYSIOTHERAPY SERVICES:

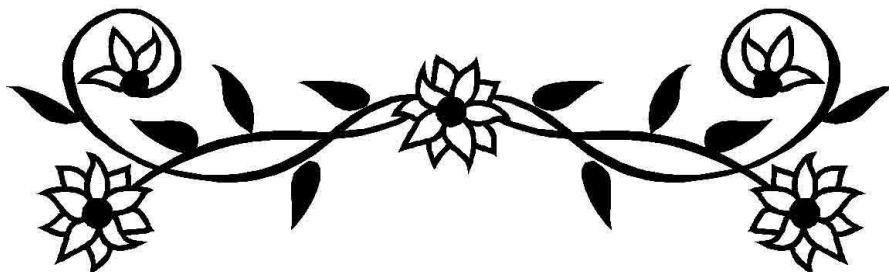

This programme is mainly focused on Cerebral Palsy, Mental Retardation with motor problems, delay motor milestone, abnormal motor pattern and Loco motor disability. After details assessment, we provided services to the beneficiary's through physical & functional management within daily living activities. We suggest or advice to the parents for providing some special furniture, assistive devices, Aids and appliances to their children. Regular evaluation is done for the next programmes. A qualified physiotherapist is involved in this work.

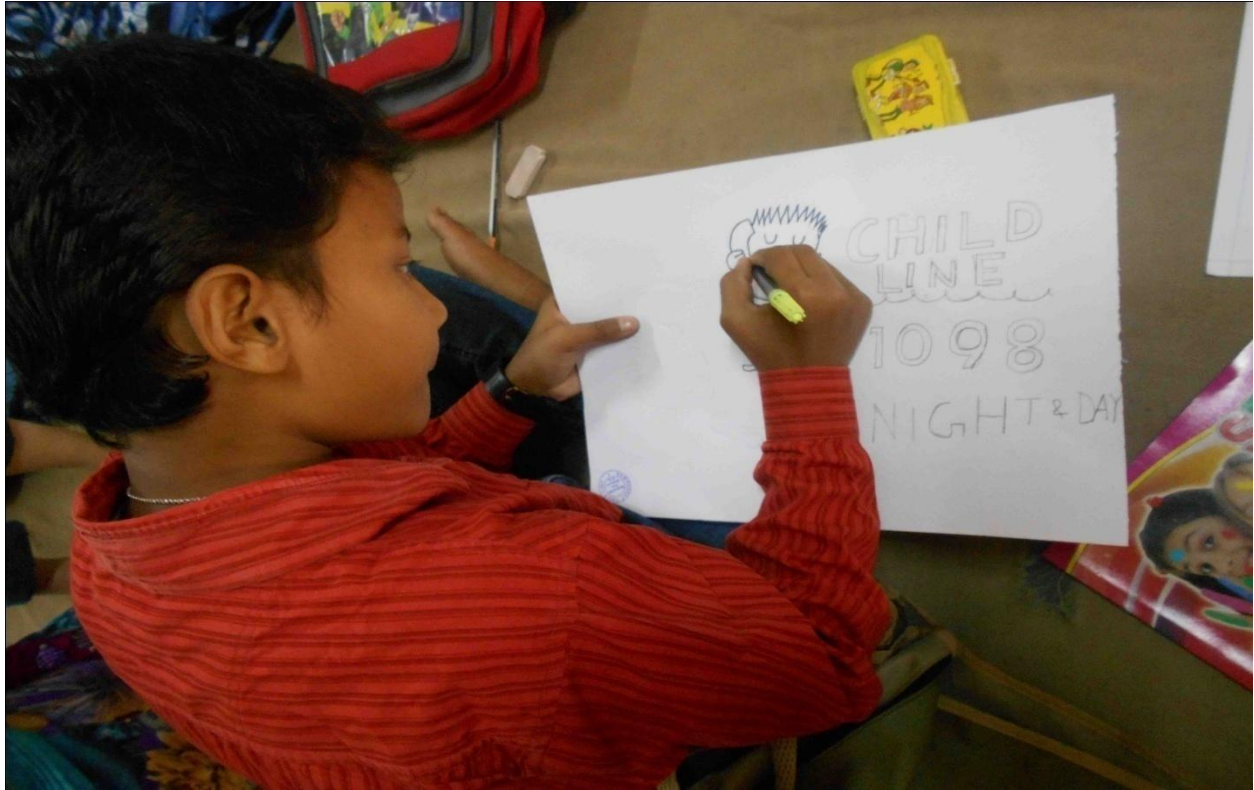

MEDICAL SERVICES:

Our doctor comes to our organization for check-up the beneficiaries at regular interval. He also advice or consult about personal hygiene & care. According to Doctor's suggestion/advice we take care of the beneficiaries. Any emergency case we admitted the beneficiaries in Hospital.

HOME-BASED SERVICES:

We also help them for getting disability certificates, concession certificate, pension facilities and Legal Guardianship certificate etc. Besides these services we aware them about their equal right of living in the society like other normal persons and facilities that government provided for them.

Drawing Childline Log

Our beneficiary gave flower to martyr

VOCATIONAL TRAINING:

In our vocational training programme three units have been opened for the adult persons with disability to make them socio-economically independent. At the same time the organization is also benefited through this programme. The sub-units are:

- (1) 'KANTHA' Stitching
- (2) Tailoring
- (3) Cooking and Catering

This training is provided according to physical ability, educational qualification, family background, and choice and rehabilitation requirement of the person with disability.

ARUNIM (INCOME GENERATING UNIT):

We are running an income generating programme ARUNIM launched by the National Trust in 2009-10. The workers are persons with disabilities, family members of the disabled persons, siblings and marginalized group through this unit the persons with disabilities and his/her family members can earn some money which is very useful to them and it also helps them to be self-sufficient in the society.

Our SAMARTH beneficiaries enjoys lunch

NETWORKING SERVICE:

In our District we are the only organization which serves these four types of persons with disabilities (CP, MR, MD and Autism). Our institute is a member of the National Trust's "Local Level Committee" of Birbhum District. Services are provided to the four types of disabilities in the District of Birbhum and the LLC take initiation for looking after these services.

We assume much more sincerity is needed to implement the objectives of the National Trust in the whole district of Birbhum.

We are providing networking services in some organization of our district and other district of west Bengal.

Celebration Nataji Birth Day

AWARENESS PROGRAMMES:

To aware the people of our community and the family of the persons with disability, we frequently organize awareness programmes, identification camp, rally, workshop, parents meeting or parent training programmes, Cultural Programmes or World Disability Day Celebration and Seminars. In our awareness programmes we try to involve area wise block officers, panchayat pradhans or members and resource persons.

Every year we celebrate Independence Day, Republic Day, Rabindra joyanti, Netaji joyanti and Saraswarati Puja. Besides this we also organize different awarness programme, games and sports, dance competition and song competition etc, to enhance and encourage the working power of the persons with disability.

Observation on World Disable Day

CHILD LINE SERVICES:

CHILDLINE is a national 24 hours free phone emergency outreach service for children in need of care and protection. It responds to needs of children and links them to long-term services. The CHILDLINE 1098 is a toll free number that is common in all cities in India. CHILDLINE is currently operational in India.

This project is supported by the Ministry of Women and Child Development, Govt. of India. We works all over the Rampur hat Sub-division. In this year we provided services to 118 cases in deferent ways i.e. emotional support and guidance, medical, shelter, protection from abuse and restoration. We organized seminar at Nalhat-I & Murarai-I. Govt. officials, ICDS workers, Teachers, Asha Karmee and Many people were took part in this programme. The child line service is very important for distress, orphan, addicted, abuse and homeless child. Child line team works attentively when a child was rescued and back to his/ her family or rehabiltee of the society
